Fair Use Checklist

Name: _____ Date: _____

Class or Project: _____

Course and Term: _____

Title of Copyrighted Work: "Reconsidering the Rational Public"

Author and Publisher: K. Deloski & Quirk Laura McCullough, Peden eds.

Portion(s) to be used (e.g., pages, timer counts): Ch. 8 153-182

Instructions: Where the factors favoring fair use outnumber those against it, reliance on fair use is justified. Where fewer than half the factors favor fair use, instructors should seek permission from the rights holder. Where the factors are evenly split, instructors should consider the total facts weighing in favor of fair use as opposed to the total facts weighing against fair use in deciding whether fair use is justified. Not all of the facts will be present in any given situation. Check only those facts that apply to your use. No single item or factor is determinative of fair use. Instructors should consult the Legal Affairs office at their institution, or at the Office of the Board of Regents if they have questions regarding analysis of the four factors.

For more information regarding the fair use factors, please see the fair use sections of the Policy on the Use of Copyrighted Works in Education and Research for the University System of Georgia, which can be found on the web at <http://www.usg.edu/copyright/>.

Complete and retain a copy of this checklist for each "fair use" of a copyrighted work in order to establish a "reasonable and good faith" attempt at applying fair use should any dispute regarding such use arise.
